Subject: PIF website holding page - 2nd draft

Importance: High

Dear Taki,
An update to my message below.

I've put a 2nd draft 'holding page' for the PIF web site at www.tpn4portsmouth.info/wip/pif1/index.html for your perusal and hopefully approval.

Please let me know what you think. I'm available for a meeting any time of the week except Friday mornings.

Many thanks,
Nick.

Dear Taki,
Thank you for your message below.

As requested, I have finally put together a 1st draft 'holding page' for PIF's website for your perusal and hopefully approval at www.tpn4portsmouth.info/wip/pif1/index.html. The bulk of the text is from the PIF 6 panel leaflet with your picture on the back.

This has taken a while because I have had to emotionally step back from this project that I feel strongly about in order to:

- A) analyse why I feel strongly about supporting PIF,
- B) try to turn that analysis into what might encourage other people to get involved with PIF.

I have also tried to provide a positive alternative to a long conversation I had with a family of Palestinian Muslims (living in exile in UAE) many years ago about what they didn't like about the UK; and a positive alternative to why theoretically, for example, my Asian friends at secondary school might train as doctors (life savers) but then turn to what Hollywood would call 'the dark side'. Please bear in mind that as I am not part of what's called an ethnic minority I may be way of the mark.

Obviously, please do not hesitate to let me know if anything needs to be removed, changed, or added before the page can go live under PIF's domain name. Alternatively, if you like what I have produced ?, I would appreciate it if you could send me your formal instruction to put the page up live.

Many thanks,
Nick.
